24 Southwest Seattle Townhomes
Investment Offering

PROJECT SUMMARY

The Sponsor acquired 24 townhome lots in March 2018 and started construction in July 2018. The townhomes will be marketed to the public starting in June 2019. The townhomes are located in South Seattle. Sponsor plans to market the 24 townhomes affordably priced between $600k and $700k. It is anticipated the project will have a total cost of approximately $12,350,000. The total cost will be financed with a construction loan(s) totalling approximately $10,350,000 (65% LTV) and investment equity of approximately $2,000,000. In order to raise the investment equity, Sponsor is offering up to forty (40) $50,000 investment shares in a single purpose LLC formed solely to develop the 24 townhomes. Each $50,000 investor will be entitled to a priority return on their investment representing a 20% annual return (a profit priority before Sponsor participation), plus a bonus return potentially increasing the total return to 2.0% of the total profit of the project (48% for up to 40 shares). It is anticipated the project will be executed within a 24-30 month time frame.
